Portfolio: ceeportfolio.vercel.app | Github: github.com/CHermocilla

OBJECTIVE

An incoming 4th-year IT student with hands-on experience building web applications and database systems using a variety of programming languages which includes C#, PHP, and MySQL. Seeking a junior developer or software engineering roles where I can apply my programming skills, continue learning, and contribute to real-world projects.

TECHNICAL SKILLS

Languages: C#, PHP, Java, JavaScript, HTML/CSS, SQL
Tools & Frameworks: .NET, Bootstrap, Git/GitHub, Visual Studio, VS Code
Databases: MySQL (schema design, queries, CRUD operations)
Other: Microsoft Office, technical documentation, cross-browser testing

PROJECTS

Optical Clinic Management & Teleconsultation Platform | Capstone Project, 2026

HTML/CSS, PHP, MySQL, JavaScript,

- Built a full-stack web application for managing patient appointments, records, and online consultations
- Designed MySQL database with multiple related tables for patients, doctors, appointments, and billing
- Integrated third-party APIs for payment processing and video calls
- Debugged issues like database connection errors, API authentication failures, and payment webhook problems
- Created user guides and technical documentation for clinic staff
- Tested across different browsers to ensure it worked consistently

Movie Ticketing System | Academic Project | 2024

C#, C# .NET, MySQL, Windows Forms

- Developed a desktop booking application using C# and object-oriented programming
 - Built separate customer and admin interfaces with role-based features
 - Implemented CRUD operations for managing movies, showtimes, and bookings
 - Designed database schema for tickets, seats, and sales tracking
 - Added daily sales reporting with SQL queries and data summaries
-

WORK EXPERIENCE

Customer Service Representative | Teleperformance | 2023

- Handled customer inquiries and technical issues in a fast-paced call center environment
 - Troubleshoot system problems in real-time while maintaining clear communication
 - Used multiple software platforms simultaneously to process requests accurately
 - Explained technical information to customers with varying levels of understanding
-

EDUCATION

Bachelor of Science in Information Technology

PHINMA St. Jude College of Manila | Expected April 2027

Senior High School – ABM Strand

APEC Schools España, Manila | Graduated 2020
